EYE OF THE STORM

DOCTOR! THE
TARDIS IS BLOWING
AWAY! DID YOU CHECK
THE WEATHER
FORECAST BEFORE
HEADING OUT?

I DIDN'T THINK
I NEEDED TO,
CLARA! PHABEDES
HAS THE MOST
STABLE CLIMATE IN
THE GALAXY!

THE SIX MOONS
OF PHABEDES ARE
SUPPOSED TO KEEP
THE WEATHER CALM...

... AS THEY
CHANGE
POSITION,
THE WEATHER
CHANGES.

"AND I THINK
I SEE THE
PROBLEM..."

"... SOMETHING IS
MOVING THEM!"

YOU'RE LUCKY I SAW
YOU. GRAB HOLD
OF THIS! THERE'S A
BUNKER NEARBY!

THANK
YOU!

WHY ARE
THOSE
CREATURES
MOVING THE
MOONS?

I THINK THEY'RE
TRYING TO
DESTROY
US SO THEY
CAN INVADE
PHABEDES!

HMM... PERHAPS
NOT. THERE'S AN
OLD LEGEND ABOUT
THE MOONS OF
THIS PLANET.

DO YOU HAVE A
RECORD OF HOW
THE MOONS HAVE
BEEN MOVED?
SHOW ME.

HMM...

I THINK
THAT'S
RIGHT.

OPEN THE
HATCH,
PLEASE.

WOULDN'T THE
STORM TEAR
IT APART?

NOPE - I'M
GOING TO GIVE
IT A LITTLE
PROTECTION...

... AND A
BOOST!

WHOOOOSH
VREEEEE

YES - LOOK!
THEY'RE MOVING
THE MOONS INTO
THE POSITIONS
I SHOWED THEM!

BUT HOW WILL
THAT HELP? THE
STORMS WILL
STILL GO ON.

"AHA - BUT THE STORMS ARE JUST A *SIDE EFFECT*! WHAT THEY'RE REALLY TRYING TO DO..."

"... IS UNLOCK THE WAY HOME!"

IS THIS TO DO WITH THE LEGEND ABOUT THE MOONS?

KER-CHUNK

THE MOONS WERE A PUZZLE TO OPEN A GATEWAY TO THEIR HOME INSIDE THE PLANET - THEY'D FORGOTTEN THE SOLUTION, THAT'S ALL!

SO NOW WE JUST HAVE TO FIND THE TARDIS...

WELL, YES. BUT IT'S A LOVELY DAY FOR A STROLL!

MORE ADVENTURES NEXT TIME!
